STIPULATION AND ~~PROPOSED~~ ORDER
RE: BELLWETHER PERSONAL INJURY
DEFENDANT FACT SHEET AND
SNAPSHOTS

Pursuant to the Court’s authority in the above-captioned action and upon the stipulation of the Parties, the Court enters this Stipulated Order to govern production by Defendants in each bellwether personal injury case in this MDL of DFS Information (as defined below). To the extent Defendants identify issues that will impact their ability to meet these deadlines, they will promptly advise Plaintiffs and confer.

1. Scope and Timing

a. The Court hereby approves the Defendant-specific fact sheets, attached hereto as:

- i. Exhibit A – Meta Defendant Fact Sheet
- ii. Exhibit B – Snap Defendant Fact Sheet
- iii. Exhibit C – TikTok Defendant Fact Sheet
- iv. Exhibit D – YouTube Defendant Fact Sheet

b. Scope (TikTok, YouTube): For each of the eight currently-selected bellwether personal injury Plaintiffs (“Current Bellwethers”), TikTok and YouTube shall, by June 7, 2024, provide a DFS, responsive DFS data, snapshots, and any other non-privileged, non-public, non-duplicative account information or data that the Defendant possesses through a Plaintiff’s user accounts they or their counsel have reviewed in connection with bellwether selection (“DFS Information”), for any account identified by a Current Bellwether on a Plaintiff User Account Preservation Form or User Account Confirmation and Consent Form. For each of the four bellwether personal injury Plaintiffs to be identified by Defendants on May 24, 2024 (“Future Bellwethers”), YouTube shall, by June 14, 2024, provide DFS Information for any account identified by that Future Bellwether on a Plaintiff User Account Preservation Form or User Account Confirmation and Consent Form. For each of the Future Bellwethers, TikTok shall, by June 14, 2024, provide a DFS and responsive DFS data for any account identified by that Future Bellwether on a Plaintiff User Account Preservation Form or User Account Confirmation and Consent Form; and shall provide all remaining DFS Information by June 21, 2024. If YouTube or TikTok intends to withhold production of DFS Information for any account identified solely on a Plaintiff User Account Preservation Form due to good faith uncertainty over

whether the account belongs to the Plaintiff, producing Defendant shall notify Plaintiff Leadership Counsel in writing immediately upon such determination and in no event later than June 1, 2024.

c. Scope (Snap): Snap's obligations under this order are coextensive to those of YouTube and TikTok set forth in subsection (b) above, except Snap's June 7 production of DFS Information shall not include the data set forth in section V.B of the Snap DFS (Exhibit B); such data shall be produced on or before July 8, 2024, or on a date otherwise agreed to by the Parties. Snap shall produce account snapshots for Future Bellwethers on or before June 14, 2024.

d. Scope (Meta): Meta's obligations under this order are coextensive to those of YouTube and TikTok set forth in subsection (b) above, except Meta's June 7 production of DFS Information shall not include data for one Current Bellwether (identified and agreed to by the parties in a separate writing), data for user accounts identified in amended Plaintiff User Account Preservation Forms served after February 27, 2024 (also identified and agreed to by the parties in a separate writing), or data for Future Bellwethers; such data shall be produced on or before July 8, 2024, or on a date otherwise agreed to by the Parties. Meta shall produce account snapshots for Future Bellwethers on or before June 14, 2024.

2. Service of the DFS and Related Materials

a. MDL Centrality (an online platform hosted by BrownGreer, PLC) shall serve as the online platform for the data management of the DFS. Defendants shall upload and serve each DFS form through MDL Centrality, accessible at MDLCentrality.com, and accompanying data shall be produced through secure electronic means, such as secure file sharing methods (*e.g.* FTP), or on CD, DVD, flash drive or external hard drive. Service pursuant to this Order shall constitute effective service under federal law.

3. Admissibility

a. The Federal Rules of Evidence shall govern the admissibility of DFS Information, and Defendants reserve all rights with respect thereto. Nothing in the DFS or this Order shall be deemed to limit or concede the admissibility of evidence during this proceeding, including at trial. This paragraph does not prohibit a party from withholding or redacting

1 information based upon a recognized privilege. Documents withheld on the basis of privilege
2 shall be logged consistent with the Privilege Log Protocol [ECF 740].

3 b. All DFS Information is deemed, at minimum, confidential and protected
4 under the Stipulated Protective Order and will only be used for purposes related to this litigation.

5 c. Nothing in this Order shall preclude Plaintiffs from propounding additional
6 discovery to Defendants concerning additional data or information about bellwether Plaintiffs that
7 is or may be in Defendants' possession, custody, or control.
